Fax: 218-927-7324

NEW ON-LINE ELECTION JUDGE TRAINING FOR 2018!!

On-line training for the Election Judge Certification will now be available. This is a 2 hour training that includes video, slides and a quiz at the end of each section (no pressure quiz! If a wrong answer is selected, you will get to choose again until correct before moving on). It can be done all at once or saved and done a little at a time, whatever best fits your schedule.

A link will be on the Aitkin County Website under the Auditor's Office/Election page. After providing your name and e-mail and Aitkin County's access code (Aitkin2018), you will be e-mailed a link to the on-line training. Or, you can contact Liz at the Auditor's Office and she will arrange to have the link e-mailed to you. You will receive two links. One validating your account and allowing you to set up your password, and the second providing a link to the course.

Once training is complete, you will receive a certificate and the Auditor's Office will be notified that you have completed your training requirements.

We are encouraging as many as possible to try this new option. It is easy for the judges as it allows them to do it at home on their schedule and it will reduce the need for in-person trainings by the Auditor's Office which will save time and money for all involved. If you have questions or comments about the material, you have the on-line options "feedback" or "message", or, make notes as you go and give us a call.

Link will be live by July 1, 2018 (tentatively) at www.co.aitkin.mn.us under the County Offices/Auditor/Elections page, or call the Auditor's Office at 218-927-7354 for more information. If you have any questions or need help getting signed up, please don't hesitate to call.

Thank you!
