

## Directions for Combining Parcels

If you wish to combine your parcels, please enter the owners' names, all parcel ID's and brief legal descriptions of the parcels you would like combined, sign and date and return to the address on the bottom of the form. Please include a phone number in case there are any questions about the form.

Some rules for combining parcels to keep in mind. Parcel must have the same ownership and be in the same section and township. Platted parcels cannot be combined with unplatted parcels. It is recommended that you contact the Planning & Zoning office if you have any questions about future use of the property and how combining may affect it.

All delinquent and current taxes must be paid in full before the parcels can be combined. However, you may return this form at any time and it will be held until such time as taxes are paid in full.

If you have any questions, please contact Liz Harmon at 218-927-7358
