

SEASONAL RESIDENCE DENSITY DESCRIPTION

- Over half (52.2%) of all dwellings in Aitkin County are seasonal residences, almost all are on lakeshore.
- Almost all are concentrated in the lake districts.
- Over 1/3 are in three jurisdictions; Hazelton, Shamrock, and Hill City.
- Other areas of higher densities are the lake district south of Aitkin, Fleming, and Wagner Townships. These areas have densities of between 4 and 18 per square mile and contain 2/5 of all seasonal homes.
