Aitkin County Property Tax Statements, along with Valuation Notices, have been mailed out to property owners on March 25, 2024.

The Valuation Notices, printed on yellow paper, display the property's 2024 value and classification for taxes payable in 2025. Property owners are urged to review these details as they will affect taxes due in 2025. Questions regarding the 2024 valuation or classification can be directed to the Aitkin County Assessor's Office.

It's important to note that the 2024 values on the notices are historical, based on sales from late 2022 and 2023, and may not reflect the current market value of the property.

The Tax Statements, printed on white and red paper, indicate the tax amount due in 2024. The payment deadline for the first half of 2024 property taxes is May 15 for most property classifications. Payments received after this date, whether in person or postmarked, will incur penalties.
