Summary of Issue: <p>The 2026 Capital Equipment Replacement Budget includes a \$34,000 expenditure to upgrade an R8 Trimble GPS unit that was originally purchased in 2009. The R8 unit has become outdated and is no longer usable. The proposed replacement unit is a Trimble R980 to be purchased from Frontier Precision, Waite Park, MN, for a cost of \$33,587.90.</p> <p>Only Trimble equipment was considered for this purchase for compatability with the other two GPS units. Trimble is the industry leader for this type of survey equipment and Frontier Precision is Minnesota's only authorized Trimble dealer. Therefore it isn't possible to get a second quote for this equipment.</p>
