Application for Medical Assistance for Long-Term-Care Services (MA-LTC)

What is this application for?

Use this application to apply for health care coverage for:

- Long-term care (LTC), such as care in a nursing home or intermediate care facility or nursing-facility level of care in an inpatient hospital
- Services to help you stay in your home or other settings in the community through these home and community-based services (HCBS) waiver programs:
  - Brain Injury (BI)
  - Community Access for Disability Inclusion (CADI)
  - Community Alternative Care (CAC)
  - Developmental Disabilities (DD)
  - Elderly Waiver (EW)

IMPORTANT: You must have an LTC consultation (LTCC) assessment before our program can pay for LTC in a facility or for additional services to help you stay in your home. The LTCC assessment will help you decide what type of care or additional services you need to stay in your home. Call your county agency as soon as possible to schedule an LTCC assessment. Payment for LTC services can only begin starting the date of the LTCC assessment.

Do **not** use this application to apply for these things:

- Health care coverage other than LTC described above
- Cash or food and nutrition programs
- Health care coverage for family members other than the person applying for LTC

What are your rights regarding the information we have about you?

Get a copy of health and claims records

- You and people you have given permission to may see and copy private information we have about you, such as health and claims records. You may have to pay for the copies.
- You can choose someone to act for you with a medical power of attorney or as a legal guardian. That person can exercise your rights and make choices about your information.

Ask us to correct health and claims records

- You may question whether the information we have about you is correct. Send your concerns in writing. Tell us why the information is wrong or incomplete. Send your own explanation of the information you do not agree with. We will attach your explanation anytime information is shared.

Request confidential communications

- You have the right to ask us in writing to share health information with you in a certain way or in a certain place.
- We will consider all reasonable requests. We must say yes if you tell us you would be in danger if we did not. For example, you may ask us to send health information to your work address instead of your home address. If we find that your request is reasonable, we will grant it.

Ask us to limit what we use or share

- You can ask us not to use or share certain health information for treatment, payment, or our operations. We are not required to agree to your request and we may say no if it would affect your care.

Get a list of those with whom we've shared information

- This list will not include disclosures for treatment, payment, and health care operations. It will also not include certain other disclosures, such as any you asked us to make.
- We'll provide one list a year for free but will charge a reasonable, cost-based fee if you ask for another one within 12 months.

Get a copy of this privacy notice

You can ask for a paper copy of this notice at any time, even if you have agreed to receive the notice electronically. We will provide you with a paper copy promptly.

If you do not understand the information, ask your worker to explain it to you. You may ask the Minnesota Department of Human Services for another copy of this notice.

What are your choices?

For certain health information, you can tell us your choices about what we share.

You have both the right and choice to tell us to:

- Share health information with your family, close friends, or others involved in payment for your care
- Share information in a disaster relief situation

Tell us what you want us to do, and we will follow your instructions. If you are not able to tell us your preference, for example, if you are unconscious, we may go ahead and share your information if we believe it is in your best interest. We may also share your information when needed to lessen a serious and imminent threat to health or safety.

What privacy rights do children have?

If you are under 18, when parental consent for medical treatment is not required, information will be provided to parents only when the medical provider believes that your health is at risk if the information is not shared. Parents may see other information about you and let others see this information, unless you have asked that this information not be shared with your parents. You must ask for this in writing and say what information you do not want to share and why. If the agency agrees that sharing the information is not in your best interest, the information will not be shared with your parents. If the agency does not agree, the information may be shared with your parents if they ask for it.

What if you believe your privacy rights have been violated?

You may complain if you believe your privacy rights have been violated. You cannot be denied service or treated badly because you have made a complaint. If you believe that your medical privacy was violated by your doctor or clinic, a health insurer, a health plan, or a pharmacy, you may send a written complaint to either the county agency, the organization or the federal civil rights office at:

U.S. Department of Health and Human Services

If you are not sure whether to report a change, call and explain what is happening. Examples of changes you need to report include the following:

Income changes when you

- Start a new job, change jobs or stop a job
- Start to get, or receive changes in the amount of, other income like Social Security, other retirement income and unemployment

Residence changes when you

- Move to a new address

Life changes in your household when someone

- Starts or stops other health insurance or Medicare
- Becomes pregnant or has a baby
- Moves in or out of your home
- Changes tax filing status
- Loses Minnesota residency
- Changes citizenship or lawful presence status
- Changes incarceration status

Reviews

The state or federal agency's health care program auditors may look at your case. They will review the information you gave us and check to make sure we processed your case correctly. They will let you know if they need to ask you questions.

Consent for Sharing of Medical Information

In your application for Minnesota Health Care Program coverage, you have given your written and signed consent to the following agencies and people to share between them medical information about you only for the limited purposes indicated:

- Health providers, including health plans, insurance agencies, Minnesota Health Care Programs, county advocates, school districts, your county or state case workers, and their contractors and subcontractors, for these purposes:
  - To determine who should pay for your health care
  - To provide, manage and coordinate health care services
- All other agencies or people listed on this Notice of Privacy Practices and Notice of Rights and Responsibilities, for this purpose:
  - To administer Minnesota Health Care Programs, pay for services, and conduct research and investigations

This consent applies to medical information about your minor children you applied for on this application.

You can stop this consent at any time by asking in writing for it to end. The written notice to stop this consent will not affect information the agency has already given to others. This consent is good while you are enrolled in Minnesota Health Care Programs, up to one year or longer if the law permits.

However, it does not end after one year for records given to consulting providers or for payment of your bills, fraud investigations or quality-of-care review and studies.

An agency or person who gets your information through this consent could give the information to others.

If you end this consent, you cannot enroll or stay enrolled in Minnesota Health Care Programs.

Other Health Care

You and your household members enrolled in MA must tell us about any other health insurance that you have or that is available to you, including employer-sponsored coverage, private health insurance, long-term-care insurance, and any limited health coverage, such as dental or accident coverage. You must tell us whether your employer offers insurance and whether you accepted it.

You and your household members enrolled in MA may need to accept and keep a health insurance policy when the policy is found to be cost effective. If you have a good reason for not doing that, you may ask the state to approve the reason. If you do not give us information about your health insurance policy, you may not get coverage.

You must also tell us when you become eligible for Medicare. MA pays for the Medicare premiums of some low-income people. Once you are eligible for Medicare Part B and Part D, MA will no longer pay for services that could be covered by a Medicare program.

MA Medical Support

If you are applying for yourself and your children and you do not live with the other parent, the law says you may have to give information to child support staff if both you and your child are eligible for MA. This includes helping the state prove who the father of your children is and helping the state to get the other parent to help pay the children's medical expenses. If you do not help child support staff, your children will still get coverage, but your coverage will end, unless you are pregnant.

If you are afraid the other parent may cause harm to you or your child, you can give your county or tribal agency proof to support your fears. The agency will review your proof and tell you whether you still must give information to child support staff.

Assignment of Medical Payments

By accepting MA, you give your rights to all medical payments for yourself and anyone else you apply for to the state of Minnesota. These include medical payments from all other people or companies, including medical support payments from an absent parent. This assignment of medical payments begins as soon as health care coverage starts. For MA for Long-Term Care, this includes your right to support from your spouse under Minnesota Statutes, section 256B.14, subdivision 3.

You also agree to help the state get paid back for medical expenses that should have been paid by others. You may not have to help the state if you have a good reason for not helping and the state approves the reason.

MA Estate Claims and Liens

In certain circumstances, federal and state law require the Minnesota Department of Human Services and local agencies to recover costs that the MA program paid for its members health care services. This recovery process is done through Minnesota's MA estate recovery and lien program.

If you are enrolled in MA when you are 55 years old or older, then, after you die, Minnesota must try to recover certain payments the MA program made for your health care, including:

- Nursing home services
- Home and community-based services
- Related hospital and prescription drug costs
- Managed Care premiums (capitations) for coverage of these services

If you permanently live in a medical institution, Minnesota must also try to recover the costs of all MA services you receive at any age while living in a medical institution. If you are permanently living in a medical institution and you do not have a spouse or disabled child living on your homesteaded real property, the state may file an MA lien against your real property to recover MA costs before your death. However, MA members who qualify for services under modified adjusted gross income (MAGI) eligibility criteria are not subject to recovery for services received before the age of 55.

After you die, the state also may file a notice of potential claim, which is a form of lien, against real property to recover MA costs. Liens to recover MA costs may be filed against the following:

- Your life estate or joint tenancy interest in real property
- Your real property that you own solely
- Your real property that you own with someone else

Minnesota cannot start recovery of these costs while your spouse is still living or if you have a child under 21 years old or a child who is permanently disabled. Once your spouse dies, Minnesota must try to recover your MA costs from your spouse's estate. However, recovery is further delayed if you still have a child who is under 21 or permanently disabled.

Your children do not have to use their assets to reimburse the state for any MA services you received.

You have the right to speak with a legal-aid group or a private attorney if you have specific questions about how MA estate recovery and liens may affect your circumstance and estate planning. The Minnesota Department of Human Services cannot provide you with legal advice. For more information, go to http://mn.gov/dhs/ma-estate-recovery/.

You Have the Right to Ask for a Hearing

If you feel your health care eligibility or benefits are wrong or your application was not processed correctly, you may ask for an appeal hearing. By requesting an appeal hearing, you are requesting a fair review of your case. You can represent yourself or use an attorney, advocate, authorized representative, relative, friend or other person. You will find specific appeal instructions on all eligibility notices that you receive. Learn more about the appeals process and how to ask for a hearing at www.dhs.state.mn.us/appeals/faqs.

You can complete and submit an appeal request online at https://edocs.dhs.state.mn.us/lfserver/Public/DHS-0033-ENG.

You can also print the form that is available at the address above and submit the completed form by fax to 651-431-7523 or by mail to this address:

St. Paul, MN 55164-0941

Immigration

Immigration information you give to us is private. We use it to see whether you can get coverage. We share it only when the law allows it or requires it, such as to verify identity. In most cases, applying will not affect your immigration status unless you are applying for payment of long-term-care services.

You do not have to give us your immigration information if you are a pregnant woman living in the United States without the knowledge or approval of the United States Citizenship and Immigration Services (USCIS). You also do not have to give us your immigration information if you are:

- Applying for emergency medical care only
- Helping someone else apply
- Not applying for yourself

Genetic Information

DHS does not collect, maintain or use genetic information for purposes of eligibility.

Record Retention

Information provided in an application for coverage through DHS is subject to the False Claims Act and may be kept for up to 10 years. DHS follows the general records retention schedules for state agencies and for the Department of Human Services and maintains data according to state and federal law. After the appropriate time period, DHS destroys the data in a way that prevents their contents from being determined, including by shredding paper files and permanently removing electronic data so as to prevent recovery.

Discrimination is against the law. The Minnesota Department of Human Services (DHS) does not discriminate on the basis of any of the following: race, color, national origin, creed, religion, public assistance status, marital status, age, disability, sex (including sexual orientation and gender identity) or political beliefs.

Free Services

Auxiliary aids

If you have a disability and need aids and services to have an equal opportunity to participate in our health care programs, DHS will provide them timely and free of charge. These aids and services include qualified interpreters and information in accessible formats.

Complaints must be in writing and filed within 180 days of the date you discovered the alleged discrimination. The complaint must contain your name and address and describe the discrimination you are complaining about. After we get your complaint, we will review it and notify you in writing about whether we have authority to investigate. If we do, we will investigate the complaint.

DHS will notify you in writing of the investigation's outcome. You have the right to appeal the outcome if you disagree with the decision. Appendix A – American Indian or Alaska Native Family Member (AI or AN)

American Indians and Alaska Natives (AI and AN) have certain health coverage benefits and protections. If you or your family members qualify, some income and assets might not count toward your eligibility, and you may not be required to pay co-pays, deductibles, or monthly premiums for some programs. Complete this appendix and submit it with your application if you want to apply for these exceptions.

You must provide proof of AI or AN status. Proof can be a document issued by an AI or AN tribe, such as an enrollment or membership card; a document from the Indian Health Service (IHS) showing the person may get IHS services as an American Indian; or a document from the Bureau of Indian Affairs (BIA) that says the person is an American Indian.

Note: If you have more people to include, make copies of this page and attach them.
