

APPLICATION FOR LIQUID CALCIUM CHLORIDE DUST TREATMENT

Use this form for County Roads and Unorganized Township Roads

- COATING:
- **400 Feet Long;** Width of the Roadway up to 20 feet wide
 - **Please have section staked by form submission date-May 15, 2026**
 - **Please note:** Applications received after this date will be returned and you will be invited to contact Edwards Oil directly to arrange the application of calcium chloride on that stretch.
 - Treatment to be performed by approximately June 19, 2026
 - Prior to submitting an application, please check the map at the following link for segments of county highways and unorganized township roads that will be treated entirely using highway maintenance funds:
<https://www.co.aitkin.mn.us/departments/highway/highway-calcium-chloride-applications.php>

Check One:

- Treatment to be centered on your driveway (200 feet each way)
OR
- Treatment to be applied between stakes (400 feet total). 3' stakes, with ribbon, adjacent to the road **MUST** mark **EACH END** of the 400 foot section to be treated by form submission date of May 15, 2026.

If neither is checked, or stakes are not visible, the treatment will be centered on the driveway.
